

"Batavia Local School District and Bachman's Inc. began a partnership at the beginning of the 2012-13 School Year to upgrade some of the district's systems to be more energy efficient and to provide ongoing preventive maintenance services. We have been very pleased with the relationship we have developed and the services that Bachman's provides to Batavia Local School District. We have been particularly pleased with the fact that we do not just interact with technicians that are sent out, but also with the leadership of Bachman's who are also very involved to make sure our needs are met. This attention to detail is very different from what we experienced with previous service providers we contracted with and is a very appreciated change. We would look forward to continuing our partnership with Bachman's Inc. for years to come."

Michael F. Ashmore
Treasurer
Batavia Local School District
