RE: Torch Award

Dear Marc,

Congratulations on winning the BBB Cincinnati Torch Award in the category of "For Profit Medium Size Business." As evidenced by the honor, you were recognized by your peers, the industry and the Greater Cincinnati Businesses as being one of the most ethical business operations in the region. I am sure that the award is a testament to the history of your company and your current operation. I am very pleased to do business with you and I certainly hope to continue our business relationship into the future

Again, congratulations on the award!

Very truly,
